## SENIOR SERVICES DEPARTMENT

November 5, 2000

Mr. John Robinson  
Robinson Design  
405 Douglas Pike  
Smithfield, RI 02917

Dear John:

I would like to formally thank you for your firm's exemplary work in the design of "The Center"; South Kingstown's new senior services center. As you know, our hopes and dreams which supported our efforts working together on this new facility have finally become a reality! This would not have happened without your talent, skills and vision.

Your unique design features and knowledge of the local landscape, combined with your understanding of the clientele who will participate in the new center, worked together to create a distinctive facility which will serve as a testament to this community's high regard for its older residents. Our entire community has benefited from your contribution.

We are especially proud to be the first senior center that you designed; a qualification we will proclaim loudly and often. You have distinguished yourself in your work here locally, statewide, nationally and internationally. We are pleased to be among the projects that you have created.

As a token of our appreciation, please find enclosed a Commemorative Photo Certificate highlighting the Grand Opening and Dedication of this new facility. I hope this representation of the outcome of our fine work together will endure for many years to come; as I am sure The Center will.

Sincerely,

*Rick*

Richard J. Ryan  
Senior Services Director
